- Television of any size can be used to display queue numbers. The display can be setup on counter, or hang on the wall.
- You can connect multiple televisions with wireless Queue Display.

Calling from PC

Queue Number Caller

BizCloud QMS works with two types of Queue Caller.

Calling from Queue Caller

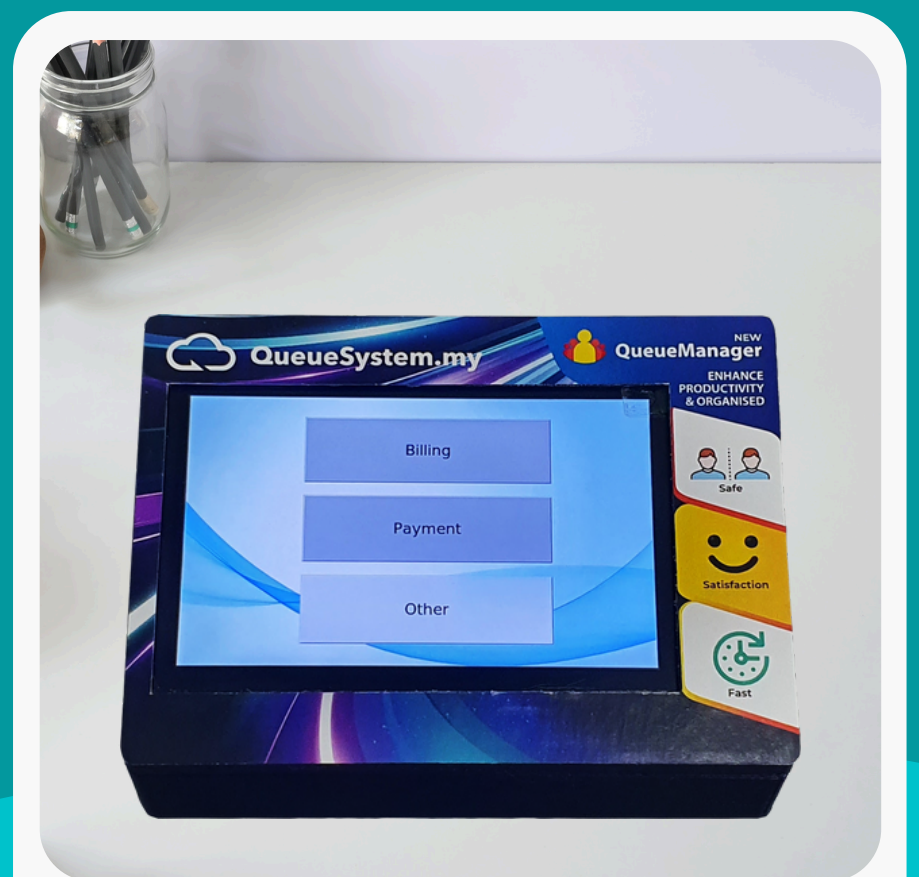

QUEUE NUMBER DISPENSER

Queue number is used to generate ticket number to the customer.
There are two model of queue number device that we offer.

Model P1500

- *15 inches display*
- *Touch screen*
- *WiFi Wireless*

Model QN100

- *5 inches display*
- *Touch screen*
- *WiFi Wireless*

The queue number device is placed near entrance for customers to obtain their queue tickets. BizCloud QMS has the advantage of deploying many QN100 at many locations and it still works together to produce ticket number in sequence.

The Queue Number devices work in wireless environment via the internal network.
